ADMISSION

TBCS is open to all academically qualified students without regard to race, color, sex or national origin. However, the administration does reserve the right to refuse anyone admittance who it feels is not in agreement with the principles held by Temple Baptist Church.

Admission Procedures:

1. An interview between the administrator, student and at least one parent must be held.
2. Application form and other forms must be returned. Health forms, birth certificates, social security cards, and physicals are required.
3. With the exception of kindergarten, all students are given placements tests.

PURPOSE

In 1985, Temple Baptist Christian School (TBCS) was established as an extension of the Christian home in training young people for time and eternity in a Christian environment. The school staff works closely with parents to train the whole child. Since man is composed of spirit, mind and body, the education process must provide balanced development in each of these areas. Anything less misses the mark and results in great human loss both in time and eternity.

MISSION

Our mission is to provide an affordable, Biblically sound, quality education free from the humanism and godlessness so prevalent in the government education of today.

STANDARDS

TBCS maintains a high standard of conduct and academics. Attendance at TBCS is a privilege and not a right. Our goal is to train Christian youth for every ability in the higher principles of Christian leadership, self-discipline, individual responsibility, personal integrity and good citizenship. Students are expected to follow the established rules for the welfare of the entire student body. Proper Christian conduct is emphasized and observed. Our desire is to prepare students for college and teach them skills to know how to live as adults.

ACCREDITATION

TBCS is not accredited by the state of Tennessee but is recognized as a "Church-Related School." This means a school operated by denominational, parochial or other bona fide church organization.
